

COVA Update

January 2016

Christian Aid Ireland is delighted to be able to share with you this update on

The Elizabeth Ferrar Resource Centre for World Peace and Youth Empowerment.

The centre has been in operation since October 2015. An inauguration event was planned but had to be cancelled as there was a clash with dates due to the Monsoon Session of Parliament and subsequent elections in the State of Bihar.

The official launch date will be confirmed toward the end of January 2016 and photographs of this will be forwarded to the Church of Ireland Bishops' Appeal.

This building is now home to COVA's Departments of Women's Empowerment, Youth TRAC, Indian Children's Action Network and the Financial Inclusion and Registration Officer of Refugee Facilitation supported by the UNCHR in addition to meetings, training and orientation programmes.
